A+ Services, LLC, herein after known as the Inspector agrees to conduct a visual inspection of the above listed property for the purpose of informing the client of major deficiencies in the condition of the property. A written report representing a summation of my observations will be provided.

THIS CONTRACT SUPERSEDES ALL PREVIOUS COMMUNICATIONS.

THE WRITTEN REPORT IS THE PROPERTY OF THE INSPECTOR AND THE CLIENT AND SHALL NOT BE USED BY OR TRANSFERRED TO ANY OTHER PERSON OR COMPANY WITHOUT BOTH THE INSPECTOR'S AND THE CLIENT'S WRITTEN CONSENT.

1. This inspection of the subject property shall be performed by the Inspector for the Client in accordance with the Standards of Practice of the American Society of Home Inspectors, Inc. (ASHI) and promulgated by the State of Tennessee home inspector licensing commissioner. The ASHI Standards of Practice and Code of Ethics can be viewed at www.ashi.com and the TN State requirements can be viewed on the TN State Licensing Board for Home Inspectors' website.
2. The purpose of this inspection is to identify and disclose visually observable major deficiencies of the inspected systems and items at the time of the inspection only. Detached buildings and landscaping are not included.
3. This inspection is not intended to be technically exhaustive nor is it considered to be a GUARANTEE OR WARRANTY, EXPRESSED OR IMPLIED, REGARDING THE CONDITIONS OF THE PROPERTY, ITEMS AND SYSTEMS INSPECTED AND IT SHOULD NOT BE RELIED ON AS SUCH. The Inspector shall not be held responsible or liable for any repairs or replacements with regard to this property, systems, components, or the contents therein. This company is neither a guarantor nor insurer and does not offer warranties or guarantees of any kind.
4. Please understand that there are limitations to this inspection. Many components of the home are not visible during the inspection and very little historical information was provided in advance of the inspection.
5. An inspection does not identify concealed or latent defects and does NOT deal with cosmetic/aesthetic damage, underground items, items not permanently installed, concerns or what could be deemed matters of taste, calculate the strength, adequacy, or efficiency of any system or component; suitability of the property for any use, determine the market value of the property or its marketability, determine the advisability or inadvisability of the purchase of the inspected property, determine the life expectancy of the property or any components or systems therein, property boundary lines or encroachments, condition of any component or system that is not readily accessible, service life expectancy of any component or system, size/ capacity/ BTU/ performance or efficiency of any component or system, cause or reason of any condition, cause for

the need of repair or replacement of any system or component, future conditions, compliance with codes or regulations, presence of evidence of rodents/ animals or insects, presence of mold/ mildew or fungus, presence of air-borne hazards, presence of Chinese drywall, presence of birds, presence of other flora or fauna, air quality, existence of asbestos, existence of environmental hazards, existence of electro-magnetic fields, presence of hazardous materials including (but not limited to) the presence of lead in paint, hazardous waste conditions, manufacturer recalls or conformance with manufacturer installation or any information included in the consumer protection bulletin, operating costs of systems, replacement or repair cost estimates, acoustical properties of any systems, or estimates of how much it will cost to run any given system.

6. THE INSPECTION AND REPORT DO NOT ADDRESS AND ARE NOT INTENDED TO ADDRESS CODES, ORDINANCES, STATUTES, REGULATORY REQUIREMENTS OR RESTRICTIONS, THE POSSIBLE PRESENCE OF OR DANGER FROM ENVIRONMENTAL HAZARDS, INCLUDING: LEAD-BASED PAINT, RADON GAS, ASBESTOS, CHINESE DRYWALL, COCKROACHES, RODENTS, PESTICIDES, TREATED LUMBER, FUNGUS, MERCURY, CARBON MONOXIDE, MOLD OR MILDEW, UREA FORMALDEHYDE, SOIL CONTAMINATION OR OTHER INDOOR AND OUTDOOR SIMILAR ENVIRONMENTAL HEALTH HAZARDS OR SUBSTANCES. WE ALSO DO NOT ADDRESS WOOD-DESTROYING INSECTS. WE DO NOT ADDRESS SUBTERRANEAN OR SYSTEM COMPONENTS (OPERATIONAL OR NON-OPERATIONAL), INCLUDING SEWAGE DISPOSAL, WATER SUPPLY, OR FUEL STORAGE OR DELIVERY. THE CLIENT IS URGED TO CONTACT A COMPETENT SPECIALIST IF INFORMATION, IDENTIFICATION, OR TESTING OF THE ABOVE IS DESIRED.
7. Per the State of TN requirements, when an inspection is for only one or a limited number of systems or components, the inspection is limited to only those systems or components.
8. The parties agree that any item of contention or claims regarding this contract shall first be submitted to mediation. Failing such mediation the matter shall be resolved by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, except for the rules pertaining to the arbitrator selection. The three (3) arbitrators should have knowledge of the home inspection industry and one arbitrator must be a member of ASHI with at least five (5) years of Home Inspection experience.
9. The customer requests the visual inspection of the readily accessible areas of the home. This inspection is limited to visual observation existing at the time of the inspection. Latent, hidden, concealed defects or items not readily accessible are not covered or inspected. The customer agrees and understands that the maximum liability incurred by The Inspector/The Company for errors and omissions in the inspection shall be limited to the fee paid for the inspection.
10. The inspection service is conducted at the property. The physical on-site inspection of the property is a very valuable time of exchange of information between the Inspector and the client. Any particular concern of the Client must be brought to the attention of the Inspector before the inspection begins. The written report will not substitute for Client's personal presence during the inspection. It is virtually impossible to fully profile any building with any reporting system. Unless Client attends and participates in the inspection process itself, the Client will have no chance of gaining all of the information that is offered.
11. Unforeseen circumstances or personal safety concerns may exclude certain items from inspection.
12. The Inspection and report are performed and prepared for the sole and exclusive use and possession of the Client. No other person or entity may rely on the report issued pursuant to this Agreement. In the event that any person, not a party to this Agreement, makes any claim against Inspector, its employees or agents, arising out of the services performed by Inspector under this Agreement, the Client agrees to indemnify,

defend and hold harmless Inspector from any and all damages, expenses, costs and attorney fees arising from such a claim.

The undersigned have read, understood and accepted the terms and conditions of this agreement and agree to pay the charges specified below:
